

The California and Nevada Credit Union Leagues and Patriot Techcorp team up to provide cost-effective compliance solutions for smaller credit unions

April, 2008

Together with the **California and Nevada Credit Union Leagues** and a host of NCUA Examiners, Patriot Techcorp has developed a special pricing structure designed to provide cost-effective compliance solutions for credit unions with smaller asset sizes throughout California and Nevada.

This special pricing structure affords the opportunity for smaller credit unions to ensure compliance with OFAC, FinCEN 314(a) and other government regulations in the most cost-effective and least time consuming manner.
